I

My white Danish imported ram Grinn has now died so his Yr 2000 lambs will be the last. The ram lambs are all for sale and some of the ewe lambs.

I also have for sale at a very reasonable price a nice white polled ram, with a really good temperament. He is one of the few remaining sheep know to carry the Bloodlines that were lost when flock 31 were sent to market. I shall not be using him and it would be a pity if his genes were lost altogether.
